Monthly Mindfulness Minutes (MMM) is back!

This year has been stressful. But stress doesn't have to take over our lives. Simple yet intentional steps can go a long way as we prioritize self-care.

The Kelly Center invites you to join us for a brief mindfulness meditation on the last Wednesday of every month, Monthly Mindfulness Minutes (MMM). Join us as an individual, an office, a class, or a department. All you'll need is a quiet space and a willingness to pause your busy schedule for a few moments a month.

MMM will be held on the last Wednesday of every month. We'll begin again this semester on January 27th, at 8:15am. The meditation will last around 20-30 minutes, but please stay as long or as little as you're able. You can access the live meditation via our recurring zoom link, or listen to the recorded sessions at a later time. The recordings will be posted to the Kelly Center website.

Here is the recurring zoom link: <https://zoom.us/j/96561480413>

We hope many departments and offices will chose to incorporate MMM as a tool for decreasing the impact of stress, depression, and anxiety on our campus. Mindfulness meditation is an excellent way to mitigate the risk of overstress, prevent burnout, and increase productivity. And the benefits aren't only momentary, research has shown meditation to "conclusively and positively change your brain structure." Still not convinced? Check out the following article on the specific benefits companies like Google, Nike, and Apple have seen after incorporating mindfulness meditation:

<https://www.inc.com/marissa-levin/why-google-nike-and-apple-love-mindfulness-training-and-how-you-can-easily-love-.html>

Tigers, let's lead our students by example as we make our mental & emotional health, and our overall wellness, a priority. Please direct any questions to Amanda Brown (amanda.brown@fhsu.edu) or Jessica Albin (jkalbin@fhsu.edu). Finally, if you would like to receive a recurring Outlook invitation for MMM, please let Jessica know.

Join the Modern Languages Department for Kaffeestunde

Do you want to practice your German? Join us on Zoom for an informal conversation!

We meet from 3:00 - 4:00 pm every other Thursday: Feb 4, 18 / March 4, 11 / April 8, 22

Kansas Undergraduate Research Days

Dear faculty, staff and students!

You are invited to the annual Kansas Undergraduate Research Days scheduled for **March 2, 3, & 4, 2021**. The event will be virtual this year due to COVID restrictions.

<http://ltblogs.fhsu.edu/urd2021>

This event features approximately 40 different projects and is an opportunity for state legislators and other guests visiting the website to see first-hand the quality of research in which Kansas undergraduates from ESU, FHSU, KSU, KU, KUMC, PSU, Washburn and WSU are engaged.

The Kansas Undergraduate Research Day event website features posters and accompanying student videos describing the research projects. Visitors will be able to comment and post questions for the student presenters on March 2, 3, & 4.

The annual event is intended to raise awareness of research being conducted by undergraduate students and to highlight the transformational educational opportunities available to students at each KBOR university. These experiences enrich student education and better prepares them for future careers, and illustrates how higher education strengthens the Kansas economy and workforce.

We hope that you will stop by, take a look, and leave comments for our undergraduate researchers!

New Workshops for Spring Schedules

The Department of Criminal Justice has added two one-credit hour workshops to the spring schedule, open to students of any major:

CRJ 100 B Workshop in Criminal Justice: Mental Health First Aid

This course explores different training models available for increasing knowledge, assessing for safety, and responding to mental illness. Students in this course will learn how to help someone developing a mental health problem or experiencing a mental health crisis by assessing for suicide risk, listening non-judgmentally, giving assurance and information, encouraging professional help, and finally, encouraging self-help. Successful completion of the course will result in certification in Mental Health First Aid (MHFA).

CRJ 100 C Workshop in Criminal Justice: De-escalation Training

This course introduces students to Marston's (1928) DISC personality model, the most popular and broadly accepted personality model in the world. Advancements to this model, developed in 2014, offer the most comprehensive, innovative, evidence-based experiential de-escalation training available anywhere. Students enrolled in this course will be trained in the first and only nationally certified training program to incorporate personality modeling and threat stage recognition. Students will learn to take actions based on one's personality and adjust to needs of those in crisis. In addition, students will learn to employ best practice de-escalation methods, including to convey respect, permit venting and use active listening. Finally, students will learn how to respond to active or passive threats and de-escalate more efficiently and safely.

Both of these workshops are appropriate for any student pursuing a career in the social or behavioral sciences, nursing, education, and others. Contact the Department of Criminal Justice at criminaljustice@fhsu.edu with any questions regarding either course.

Big Event 2021 – Live on TigerLink!

FHSU's Student Government Association is gearing up for their **10th Annual Big Event**, which is scheduled for **Saturday, April 24th, 2021**. The Big Event 2021 is all about “serving smiles” in a safe way. The purpose of the Big Event is to give our students the opportunity to say thank you to the community that supports them throughout the year in a “big” way. Working alongside SGA to help provide students this opportunity to say thank you is the Fort Hays State University Foundation and Student Engagement. Of course, the event will look slightly different this year due to COVID-19 rules and restrictions, but SGA is prepared to take every precaution in order to make this event as great as it has been in the past.

Unlike in recent years, throughout the day there are going to be four two-hour long shifts that students can volunteer for so we can assure we are creating the safest environment for everyone. SGA realizes there is a risk with our volunteers coming into businesses and facilities, but we have come up with a solution for individuals who want our help but are not willing to meet in person. SGA is also allowing you to provide service projects that can be done from a distance to insure we are helping in the safest way possible. The

Big Event is an opportunity for our students and community to witness the unique relationship that they have with one another and this year, they are even more excited to bring joy and happiness during these hard times.

For any questions, please contact sga.crd@fhsu.edu or call our office at 785-628-5311.
